Carefully read the following instructions with an adult. You'll then be ready to create beautiful rainbow letters, like a real artist!

WORKSHOP PREPARATION

Position the plastic base and the drawing mat as shown on the picture on the right.

On the base, you'll find a notch to place a tablet so you can watch the tutorials while drawing (Image 1). Go to the www.lansay.fr website to access step-by-step tutorials of every letter of the Rainbow Brush alphabet. Create any word you want in the cool Rainbow Brush way!

Your Letter Workshop is now ready to be used!

HOW TO USE RAINBOW BRUSH MARKERS

1. Pick the colors you wish to use and remove the markers' caps.
2. Snap the markers together in the dedicated notches (Image 2).
3. Place your drawing sheet in the drawing mat tab (Image 3).
4. To create a rainbow-effect drawing, put your index on the rubbery part (Image 4) of the top marker and your thumb on the rubbery part of the bottom marker (Image 5).

You can start practicing on a draft sheet before using the included drawing sheets. Change the markers' positions as you draw (click and unclick them) to obtain different rainbow effects. Amazing, you're already a real artist!

Once you are done using your Rainbow Brush markers, unclick them and put the caps back on them so they don't dry out.

WORKSHOP STORAGE

Place the markers back on the Rainbow Brush holder once you are done using them.

HERE ARE A FEW RAINBOW BRUSH DRAWING TECHNIQUES
